EDUCATION

American University of Technology — Tashkent, Uzbekistan

Sep 2025 – Present

B.Sc. in Data Science (First Year)

Relevant coursework: Calculus I & II, Object-Oriented Programming (Python), Principles of Programming (Java), SQL & Computer Applications.

Leader School (“Lider Bolalar Maktabi”) — Tashkent, Uzbekistan

2014 – 2025

Certificate of General Secondary Education (11 years)

Final average grade 4.61 / 5.0 (national scale; 5 = excellent), with strong results in Mathematics, Physics, Informatics & IT, and Chemistry.

TECHNICAL SKILLS

Languages: Swift, SwiftUI, React Native, Python, Java, SQL, HTML, CSS, JavaScript

Tools & Technologies: Xcode, VS Code, Git/GitHub, Supabase, REST APIs, TestFlight, JSON processing, AI & Vision API integration, authentication systems, local storage

PROJECTS

Safa Prayer — iOS Application

Feb 2026 – Present

SwiftUI · Supabase · REST APIs

Published on the App Store (June 2026)

- Designed and developed an iOS prayer companion featuring prayer-time tracking, Quran access, and Qibla direction; shipped to the App Store in June 2026.
- Built an offline Quran search system using local text embeddings and fuzzy Arabic matching.
- Integrated backend services, user authentication, and API-driven features.
- Managed the full release pipeline from TestFlight beta builds through App Store distribution.

Fridgy — AI-Assisted Nutrition Application

Apr 2026 – Present

React Native · GPT Vision API · USDA API

- Developing an AI-powered calorie-tracking app that scans refrigerator photos to identify ingredients.
- Implemented GPT Vision–based ingredient recognition with structured JSON parsing.
- Integrated the USDA food-database API for calorie and macronutrient calculations.
- Designed recipe-recommendation workflows based on detected ingredients.

Chapter One — Retail Brand Website (*Freelance / Client Project*)

Jun 2026 – Present

JavaScript · HTML · CSS

- Designed, built, and deployed a production website for a retail brand selling imported London cosmetic bags.
- Implemented a multilingual interface (Russian, English, Uzbek) with a responsive product showcase.
- Acting as sole developer, shipping ongoing content and feature updates as the business grows.

EXPERIENCE

Python Tutor & Teaching Assistant — Leader School

Feb 2024 – Mid 2024

- Recorded beginner-level Python lessons for middle-school students.
- Supported students with programming fundamentals including variables, loops, and functions.
- Assisted with introductory computer-science instruction for 8th-grade classes.

E-Commerce & Marketplace Operations — Self-Employed

Apr 2024 – Present

- Ran small-scale online resale operations across OLX and local marketplaces.
- Coordinated with suppliers and customers on orders and delivery.
- Handled sourcing, sales, and marketplace-expansion efforts.

VOLUNTEERING & LEADERSHIP

AUT Volunteering & Charity Club

Oct 2025 – Present

- Helped organize university events, volunteering activities, and charity initiatives.
- Participated in Ramadan food-distribution campaigns and elderly-home support.
- Assisted with volunteer coordination during university and public events.

TAWFIQ Charity

2024 – Present

- Took part in recurring Ramadan charity initiatives supporting families in need.
- Helped distribute food, water, and donation packages.

“Speak, Learn and Connect” Volunteer Program

2025

- Contributed to a youth communication and leadership initiative supported by the Global Shapers Community (World Economic Forum).

LANGUAGES

English — IELTS Academic 6.5 (CEFR B2) | **German** — A2 (studying at Goethe-Institut) | **Russian** — Native
| **Uzbek** — Fluent

CERTIFICATIONS

IELTS Academic (Band 6.5) | **Social Media Management** | **Volunteer Recognition** — Global Shapers / WEF
